

*Receiving Dates: **October 12th – 19th**

*Bulls need to be born between **January 1st & April 1st** to be eligible for the sale, however, we will feed other bull calves as well.

*Bulls need to be vaccinated with: **4-Way Respiratory (required)**
7-Way Clostridial (required)
Homophilis Somnus & Pasturella (recommended)

Upon arrival, we will booster the above vaccinations, as well as administer a pour-on. A wart vaccine will be administered later in the test.

*All bulls will receive a Breeding Soundness Exam, Ultrasound, and be tested for BVD (included in feed cost).

*Cost of the feed program is **\$495**.

*Other costs include advertising fee (to be eligible for sale), \$5 entry fee, & other sale expenses (clipping, washing, brand inspections, auctioneer, etc. will be withheld from sale proceeds).

PAP testing is optional (cost additional approx. \$12/hd).

*Payment upon delivery include; **\$165 feed**
\$5 entry fee
Possibly some advertising

*Second 1/3 of feed payment of **\$165 is due January 1st**.

*Last feed payment of **\$165 is due March 1st**.
